Meet Our Ambassadors

When you're one of us, you see the world differently. For us, anywhere there's water is a playground. Waves are an invitation. Marine life is our friend. The smell of saltwater and sunscreen, that's our calling. We all experience it a little differently, but no matter where we are, behind those handlebars, we're all the same. We are the faces of the #SeaDooLife. We are Sea-Doo ambassadors.

Tow-focused features like Ski Mode provide perfectly smooth acceleration. Accessories like the Retractable Ski Pylon and the removable Wakeboard Rack come standard.

IF YOU TOW, YOU KNOW: THE WAKE PRO IS THE KING OF WATERSPORTS.

In watersports, stability wins. And the Wake Pro is the category's most stable ride thanks to its brilliantly designed wide platform that handles choppy waters like the champ that it is. Equal parts power and acceleration allow you to deliver the perfect pull for your passenger.

Stack, Pack and Attack

Bungee cords and straps are a thing of the past. Secure your cargo with LinQ and power through bumps and turns without a care on the water. LinQ accessories are quick to access and install, so you're always just seconds away from adding holders, racks, bags and boxes to your watercraft. Pick 'em, click 'em, stack 'em and pack 'em. It's that easy (and fun!) to add LinQ accessories to reconfigure your watercraft and reroute your excursion on the spot.

LINQ SYSTEM

PACK MORE

The LinQ System redefines what your vehicle can carry and how it carries it. Its simple, intuitive design allows riders to snap a cooler or storage bag onto the platform. Keep your food and drinks fresh until it's time for a snack break, whenever that is, or bring a change of clothes and keep them dry. Only on a Sea-Doo do mere seconds of work add up to hours of fun!

PLAY HARDER

There's always room for fun on a Sea-Doo! The LinQ System has accessories to create a more enjoyable water experience — and that includes watersports. Attach the LinQ Retractable Ski Pylon to your personal watercraft to declutter your vessel and make your activities safer. It even features built-in spotter grab handles that retract out of your way when not in use.

RIDE FURTHER

Did you know LinQ can fuel your adventures? Carry up to five gallons of extra gas, allowing you to top up on command, rack up more miles and stay out on the water longer. Plus, you can stack your Fuel Caddy on top or underneath your other LinQ accessories so it's out of the way, secure and spill-free.

All Sea-Doo PWC and pontoon models are equipped to accommodate LinQ accessories.

FISHPRO™ TROPHY

Go Where the Fish Go

Yes, it's real life: personal watercraft that are built for fishing. The FishPro lineup puts fishing-specific features at the forefront of cutting-edge design, which all adds up to getting you closer to your catch than any other vessel. The FishPro Trophy is what PWC fishing fanatics have fantasized about.

Exclusive features like the Modular Swivel Seat and Garmin 7" touchscreen GPS and fish finder make this the ultimate personal watercraft to fish from, and since it's a Sea-Doo, you know it's fun to ride too.

THE FISHPRO TROPHY: SINGLE-HANDEDLY TAKING PWC FISHING TO NEW HEIGHTS.

The FishPro Trophy is as nimble as any personal watercraft, making the ride to and from your destination just as fun as the fishing. The Trophy demonstrates that it's no ordinary PWC by pairing crafty handling with the features of a fishing boat: livewell, anchoring system, high-tech fish finder, trolling modes and more.
